

The Benefits to You

As a patient taking part in a [clinical trial](#) at the Juravinski Cancer Centre, you have the opportunity to:

- Get access to the newest ideas about cancer care under the close watch of the clinical trials research team.
- Have treatment close to home.
- Take an active part in decisions affecting your treatment.
- Consider treatment options that may not be available otherwise.
- Contribute to the knowledge in the fight against cancer.
- Shape the future of cancer care.
- Leave a lasting legacy by helping to find better treatments and interventions for future cancer patients.
- Provide hope for the future.
